Class Action at HJC

The college life of classes, labs and homework is a life of action. Between dashing to classes, studying for tests, and writing English papers, students learn that college is not all fun and games. With the faculty providing ample opportunities to gain knowledge, students are encouraged to learn and grow. Classes and studying are a major part of college life. However, in the end even the all-night study sessions will be remembered with a smile.

Many Things to Do at HJC

The wide range of clubs, organizations, and activities at HJC insures that there is something of interest to everyone. As students participate in these they find fun, fellowship, and friendship. From VICA to the Holme-Towne Players; from BSU to the SGA; from volleyball and flag football tournaments to "Spring Fever," there is always an opportunity to join in the fun.

Campus Life at HJC

One of the greatest aspects of college life is campus life. It involves classes, club meetings, pep rallies, and sports events. It also involves quiet moments on the steps, studying in the library, and gathering together in the "can". Mainly, on campus students find opportunities for fellowship and the growing of relationships.

Dorm Life at HJC

One of the most enjoyable aspects of college is dorm life. In the dormitories students are able to get to know others on a different level and build new relationships. To a student living on campus the dorm becomes a home away from home. It is a place to study and play, but it can also be a place to rest and solitude. Learning to live with others and to share are valuable lessons which are learned by all who live in dorms. These lessons and many other memories are to be captured and treasured for all time.

Capture the Moment

College is a learning experience. Students not only learn to read assignments, write papers, and study but also to face new problems, challenges and opportunities. In the process of growing and learning there are always many special moments that will never be forgotten. Friendships, special events, and smiles are only a few of the things that will forever be kept close to the heart. These are timeless moments ... precious moments ... moments to capture at HJC.

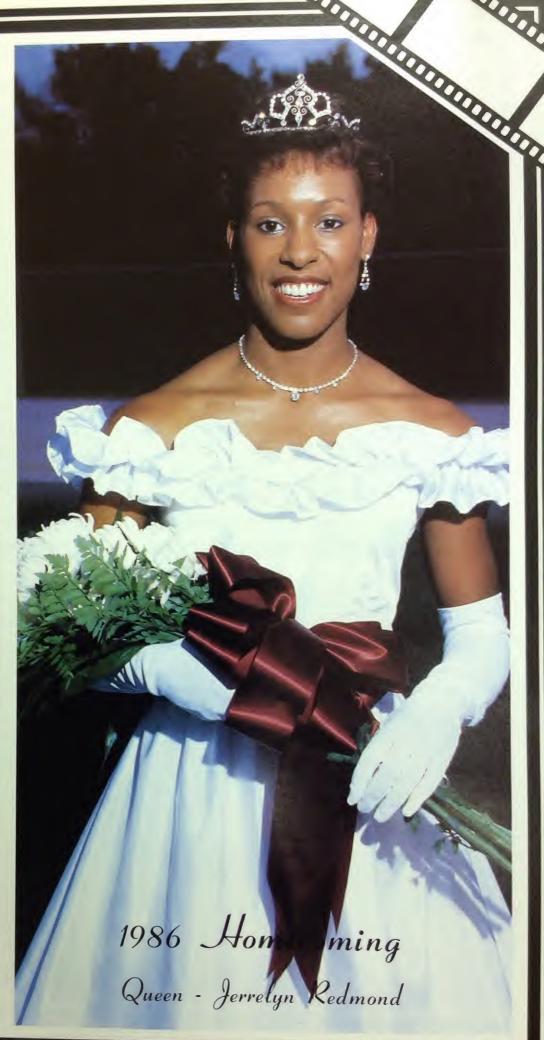

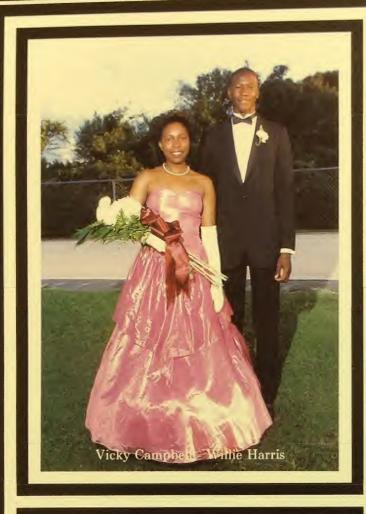

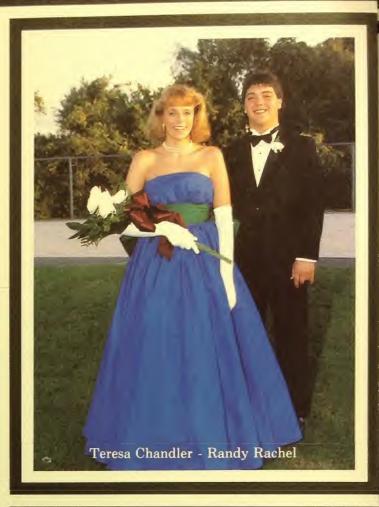

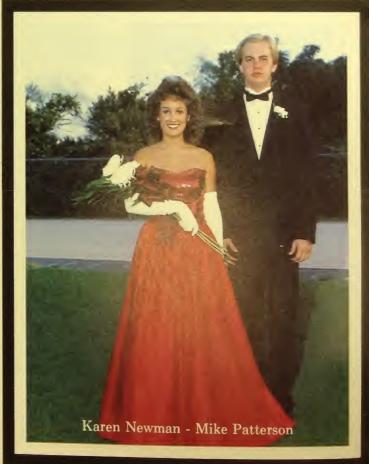

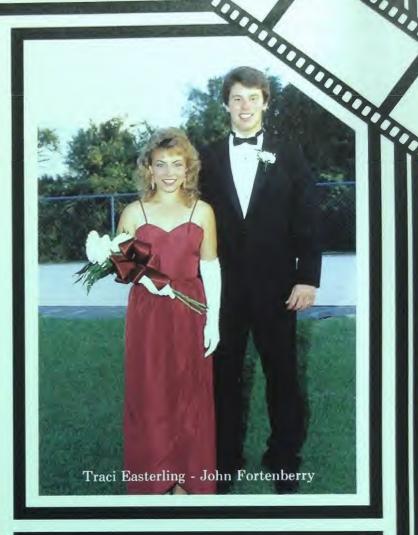

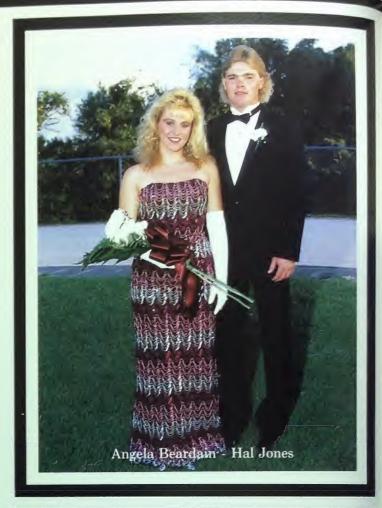

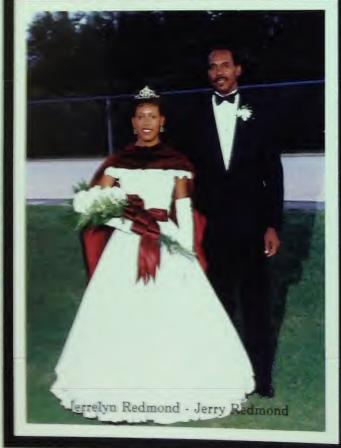

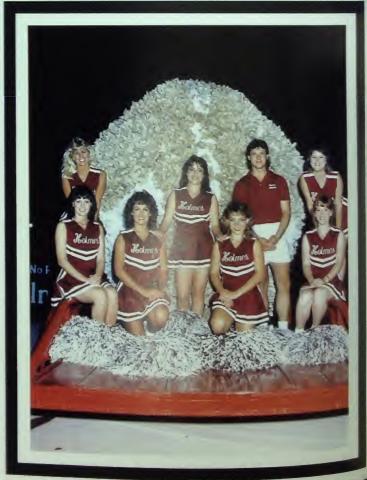

Humanus up a call is always a special event, and those with any aspecial distinction. The week started with a case with "Eli" playing at the Homecoming Dance There Homecoming Court was presented during the fair of the pane. Holmes vs Hinds.

Sophomore Year: Danceline, co-captain; Choir; Coachmen; Jazz Band; CSC, co-president; Holme Towne Players; BSU; Dean's Scholarship; Symphonic Band.

The Hall of Fame has been in existence at the Goodman Campus of Holmes Junior College for many years. Last year the Grenada Center joined and this year the Ridgeland Campus has inducted its first people into the Holmes Junior College Hall of Fame. All of these students are nominated by the faculty. They are selected on the basis of scholarship, participation, and leadership in academic and co-curricular activities. The faculty vote for the students that they feel at HJC.

Dedication

The Holmes Junior College 1987 Horizons is proudly dedicated to two very special people, Jim and Julia Williams.

Jim, though born in Pensacola, Florida, received his B.S. degree in Secondary Education (History) and his M.A.T. degree from MSU. Serving HJC loyally since the fall of 1972 in several capacities, Jim is presently District Director of Public Information; the GROWL sponsor; and school photographer. Julia, born and reared in Columbus, Mississippi, attended MUW where she received her B.S. degree in Elementary Education. Furthering her education at MSU, she received her M. Ed. HJC has profited from her many years of service as reading instructor since she joined the faculty in January 1973. She is the diligent sponsor of the Collegiate Service Club. The Williams' live in Goodman with their daughter Heather and their devoted canine family member Meggan.

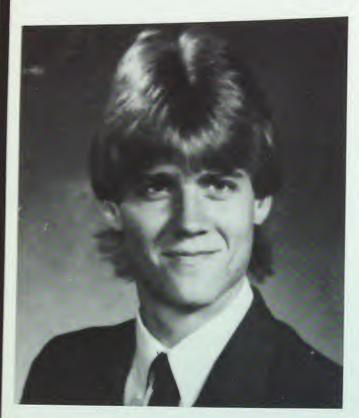

The Horizons staff is pleased to honor Jim and Julia Williams for their many years of dedication to Holmes Junior College.

Editor's Closing

Two years have passed since I began editing the Horizons. Although the task was not an easy one, it has brought its own rewards. I have had the opportunity to work with some outstanding people. I'd like to thank Stacey Swafford, my assistant editor, for his help and support; Jim Williams, for his photography and long hours in the dark room; and last, but not least, a very dedicated staff. I would like to offer a special thanks to Lynn Scribner. She is an outstanding sponsor and an understanding person. It has been a great experience and pleasure working with her.

Creating a book that forever captures the people, the place, and the elements of a time is a challenge. There is satisfaction derived from starting with blank pages and leaving with a book. I hope years from now, as you look through the 1986-87 Horizons, that it brings to mind a friend, a special memory, and perhaps, a glimpse of HJC.

Pam Pearson Horizon's Editor
